James R. Wu | 伍芮蓝

He/Him | jamewu 'at' ethz 'dot' ch

EDUCATION

ETH Zürich — **Zürich, Switzerland**
M.S. in Science, Technology, and Policy; Minor in Data and Computer Science — 10/25 – Present
Relevant Coursework: Machine Learning, Big Data, Probability Theory

Haverford College — **Haverford, PA**
B.S. in Physics (Honours), Magna Cum Laude, Concentration in History | GPA: 3.9/4.0 — 09/15 – 05/19
U.S. #8 Liberal Arts College (U.S. News)

RELEVANT EXPERIENCE

ETH NADEL — **Zürich, Switzerland**
Research Assistant & Communications Lead — 11/25 – Present

- Source, clean, and harmonize sub-Saharan African census and satellite data to train multimodal ML models
- Oversee communications and AI strategy; grew social media followership by 19%, website traffic by 74%

The Wilson Center — **Washington D.C.**
Research Assistant & Project Coordinator, Science and Technology Innovation Program — 07/24 – 02/25

- Managed AI expert recruitment; increased cohort size 80% and expanded topical coverage
- Automated research and database management for the NATO and AI portfolios in Python

U.S. Department of State — **Washington D.C.**
Graduate Intern, Office of the Science and Technology Adviser to the Secretary — 07/23 – 09/23

- Managed STEM workforce development portfolio; wrote long-form research for the CHIPS workforce report
- Published 20+ newsletters, briefings, and memos on quantum technologies, AI, tech diplomacy, and smart cities

Deerfield Academy — **Deerfield, MA**
Researcher and Teaching Fellow in Mathematics — 09/19 – 06/21

- Designed, conducted, and published year-long practitioner research project on the relationship between affect, motivation, and identity in mathematics; awarded a full-tuition grant, M.S. in Education, University of Pennsylvania

Haverford College — **Haverford, PA**
Physics Researcher, Supervisor: Dr. Suzanne Amador Kane — 09/18 – 05/19

- Used spectroscopy, multi-spectral imaging, and neurological modelling techniques to characterize properties of photonic crystal nanostructures in peacock feathers; *Integrative and Comparative Biology*, Volume 60, 2020

Archetype Growth — **Philadelphia, PA**
Summer Analyst, Consulting and Venture Capital — 06/18 – 08/18

- Led a team of four to develop a workflow software for healthcare venture; reduced processing time up to 30%

Haverford College — **Haverford, PA**
History Researcher, Supervisor: Dr. Emma Lapsansky-Werner — 05/16 – 08/16

- Conducted qualitative research on 19th-century correspondence and documents of the Vaux family of Bryn Mawr

GRANTS AND AWARDS

Taiwan Ministry of Education — **Taipei, Taiwan**
Huayu Enrichment Scholarship — 09/23 – 06/24

- Received a 9-month grant to study literary and classical Chinese at National Taiwan University's International Chinese Language Program, focusing on Classical and 20th-century literature and poetry

Center for Peace and Global Citizenship — **Gansu, China**
Summer Internship Grant — 06/17 – 08/17

- Awarded three-month grant to conduct research and teach in rural and migrant student schools

SKILLS AND OTHER EDUCATION

Languages: English (Native), Chinese (TOCFL C1/C2), Classical Chinese (Intermediate), German (B2), French (B1)
Technical: Python, Java, MATLAB, R, InDesign, TouchUI, Qiskit, Origin
Other Courses: Blue Dot Impact: Technical Approaches to AI Alignment (06/24 – 08/24)
